How "Orangeine" Became Public. Early in 1895 Mr. William Gillette the distinguished author-actor, in his pecessitated search for health, came within the reach of Dr. Alkman's care, Mr. Gillette experienced such relief and cure from Dr. Aikman's prescription that for years he has carried "Orengeine" on his travels for the benefit of his company and friends. He became finally so impressed by its remedial results that in October, 1808, he related his experiences to an old school friend, Mr. Charles L. Bartlett, of Chi-cago. Mr. Bartlett submitted the formula to his trusted family physician, Dr. C. F. Ely, who prenounced it "wonderfully useful, through its far-reaching efficacy and absolute harmless ness." Other prominent physicians gave the same verdict, and early January, 1899, "Orangeine" was publicly launched under the full sail of its manifold claims, which originated from the oft-repeated experience of

#### CASES NOLLE PROSSED.

Negroes Who Were Accused of Scott Murder at Liberty.

The cases against James Reachum, Allen Brown and Joseph Greer, charged with the murder of William Posten Scott on the

mander of William Posten Scott on the night of July 4 last, were dismissed in Judge Spencer's court yesterday morning by virtue of the noise prosequi. The negroes now are all free men.

Circuit Attorney Eggers gave as his reason for the action that there was a doubt in his mind as to the defendants' guilt. Judge Thomas B. Harvey, who had been retained by the relatives of Scott, was present in court and declared that he was not willing to attempt another trial. He said that the only testimony of any value which the State had was the alleged contessions from Mamie Stadier, a woman whose own reputation impeaches her credibility. There was some other circumstantial evidence, said Judge Harvey, which pointed toward guilt, but which was consistent with the innocence of the defendants.

There was another doubt as to the guilt of the defendants created by a statement by Mr. Scott directly after he was shot, to the effect that the man who shot him was a these facts remained there was at least a doubt, and his conscience would not allow him to ask for the conviction of a man who might be innocent.

When the case had been thus dismissed,

him to ask for the conviction of a man who might be innocent.

When the case had been thus dismissed, Attorney E. P. Cunningham, on the part of the defense, applied for a warrant against the Stadler woman and Sonny Mack, who had testified to hearing confessions from Beachum and Brown, charging them with perfury. Acting Assistant Prosecuting Attorney Maurer said he would issue the warrant. He drew up the information yesterday afternoon and promised to file it this morning.

### REPUBLICAN PARTY SPLIT WIDENS.

Peace Impossible and Democracy's Prospects in Illinois Are Very Bright.

TANNER-CULLOM WAR RAGING.

Bitter Animosities Aroused in Every Township and County-Fierce Struggle for Wayne County Delegation.

REPUBLIC SPECIAL. Springfield, Ill., March 5 -The Democratic State Committee meets in the St. Nicholas Hotel, Springfield, next Wednesday. Not since the spring of 1892 has the committee met in Illmois under as favorable auspices. The Republican party is torn up the back and split through the middle, not only in the State at large, but in almost every county in the State. The conditions are such in most of the countles that a peace cannot be patched up-the fight has extended far and beyond the harmony situation. Not only are there a Cullom and a Tanner faction, but there are many small county and town factions. It is possible that a truce will be arranged in a general way, but the bitterness in the small places will rankle, and, after the votes are counted great chasms will be apparent where ow are more cracks.

Intelligent and energetic actions on the part of the Democrats will result in a vic tory in Illinois on State and national tickets. The troubles between Mayor Harrison and former Governor Aitgeld, which a year ago threatened to disrupt the party, have about disappeared, and there is no question but each will be ready and willing to make personal sacrifices for the good of the favored Hancey to arise

With Oil.

Ida Benish made a desperate attempt to burn herself to death at No. 129 Poplar street yesterday afternoon. If it had not been for Policeman Geetz, who ran to her rescue, she would have succeeded beyond a doubt, and it is not absolutely certain that she will not yet die of her injuries. Doctor Babler, who is treating her at the City Hospital, says that she is in a serious condition and may not recover.

About à o'clock yesterday afternoon the woman went to her room and, taking off the burner of the lamp which set upon the table, poured the oil over her clothes and head, saturating them. She then applied a lighted match, and in a moment she was a pillar of fire. Her screams attracted the attention of Officer Goetz, who was standams and the woman's room and, tearing her outer garments from her, rolled her in a blanket and deluged her with a bucket of water, extinguishing the flames, but not until she was badly burned from head to foot. It is feared that she inhaled some of the flames.

An ambulance conveyed her to the City Hospital, where her injuries were dressed and she was put to bed. Nearly all the hair was burned from her head. While she was on her way to the hospital she asked Officer Goetz to inform her mother at No. 214 South Twenty-second street, in case she died from the burns. A quarrel with her sweetheart was the cause of her attempt at self-destruction.

Republican Scramble.

After all. It will be anybody's fight for Governor until after the Cook County primaries. As illustrative of the feeling of brotherly love animating Carter and Hancey, the platform of the former, lately promulgated from his headquarters in Chicago, forms a valuable hint. In it Judge Carter is made to declare:

"That no man or clique of men has the right to dictate the nominee more than four months in advance of the convention, as was attempted at the secret midnight caucus at the so-called love feast, held at Springfield, last December. That the office of Governor shall not be bartered away in advance by any set of nen who seek to manage the Republican politics of this State for their own personal advantage, with motives that are unrepublican and dangerous to Republican supremacy in Illinois."

Our old friend, Bob Mabry of Wayne County, is accumulating a fair crop of bunions on his feet and blisters on his tongue in an effort to prevent the calling of the Wayne County primaries. Bob wants to go to the Legislature, and, whether rightfully or wrongfully, is branded as a Tanner man and against Culiom. Be it known that Wayne is a Culiom province, yet Bob's influence with the County Committee thus far has prevented the calling of the County Convention. Desperate efforts have been made by the opposition to bring the committee together for that purpose, but without avail. An attempt was made to have the Senatorial Convention in Wayne, without avail. Mabry deciares he will vote for Culiom if the Senator receives the caucus nomination, but this is not satisfactory to the Senator's friends. They want a straight Cullem man clear through the plece. Mayor Daubs of Fairfield is the Culiom caudidate as against Mabry in Wayne County, and his friends claim behas a walkover. George W. Johns of Frinfield wants to be Attorney General, and has been buoyed to the first heaven of expectation that he will land the prize. His candidacy complicates the contest a little.

Wayne County

dacy complicates the contest a little.

Wayne County Troubles.

Then Colonel Tom Scott, whose ability to straddle a fence and touch dirt in two pastures at the same time has been here-tofore mentioned, is getting the State administration into hot water. A Tanner man clear through the piece, Colonel Scott still maintains a hankering for Cullom. Recently he purchased a carload of oak lumber for the Chester Prison from one Stanley of Wayne. It was to cost \$105. After buying it, Stanley asked for an advance, and on condition that it was billed in the name of the First National Bank, of which the Colonel is president, Stanley obtained \$90. But F. M. Brock, a director in the bank, is also in the lumber business, and he at cance entered a protest. If his partner wanted lumber for the prison why not buy it from Borck? The logic was irresistible, and the Stanley oak lumber was shipped to Chicago, where some wicked commission men stole it, and a car of soft lumber was sent to the Chester Penitentiary. The Stanley lumber having been lost, Scott refused to pay for it, and the bank demanded from Stanley the \$30 borrowed. Cashier Crebs wanted a barn and agreed to take up the \$60 note if Stanley furcished the lumber for his barn. This was done. Stanley being out the \$105 for his oak lumber sued Colonel Scott, and the Dogberry before whom the suit was tried decided that the Colonel Scott, and the Dogberry before whom the suit was tried decided that the Colonel Scott, and the former reached for his handkerchief, or something quite as deadly, but was restrained and finally pacified.

The question agitating Wayne County is why should Colonel Scott purchase lumber so far away from his base? Stanley has nothing to show for his carload of lumber but the judgment for \$43 against Colonel Scott. Martin Madden, the engineer of the Hancey boom, also has a deep grievance Wayne County Troubles.

# DR. GREENE'S NERVURA

Blood and Nerve Remedy

Renews, Vitalizes, and Invigorates Weak Men. Old before his time! A broken-down, miserable wreck - weak, nervous,

The world to him seems a place of mist, peopled with ghostly beings, whose vigorous flitting to and fro about their daily tasks serves but to irritate him. He sneers at healthy amuse-ments, and finds no comfort or pleasure in life. He is sick and he does not know it. He drags about, and therefore thinks he is well. He is despondent, and peevish, and weak, and he does not know that these are merely signals -- some from the stomach crying for aid-

others from the nerves beseeching strength— still others from the great life-current—the blood - moaning that it is so impeded and clogged with impurities that it cannot move. He, and all others like him, will find immediate relief in Dr. Greene's Nervura blood and nerve remedy. This is just what it was in-tended for. It never fails to make weak men strong and vigorous—puts new life, vim, strength, power, and energy into them.

strength, power, and energy into them.

Mr. John D. Shith, electrician for the Thomson-Houston Electric Co., of Lynn, Mass., says.—

"When a mits has been sick and is cured, it is his duty to tell others about it, that they, too, may get well. Three years ago I had been working almost night and day, could not ear regularly, and got only a few hours' sleep at night. No man can stand that long, and I soon began to be prostrated. I could not sleep when I tried, and my food would not stay on my stornach. I was in a terrible condition, and was much alarmed.

"I went to dectors, but they did me no good. Learning of the wonderful good done by Dr. Greene's Nervura blood and nerve remedy. I determined to try it. It cured me completely of all my complaints. I set heartily and sleep well, thanks to this splendid medicine. I believe it to be the lost remedy in existence."

The indications so far point to a harmonious convention, an anomaly in Republican politics in this State.

The Executive Committee met at moon to-day to make up the temperary roll. The committee worked all the afternoon on the contests, twenty-two in number, completing the roll at a late hour to-might. The contests, twenty-two in number, completing the roll at a late hour to-might. The contests were all local affairs, and while some of them will doubtless be carried ling the convention to-morrow, they do not threated there is no prospect for a spair in the convention as has been predicted.

The Green-Hawley combination is running smoothly and hels fair to continue throughout the convention.

The Green-Hawley combination, effected in 1886 to control the State Republican Convention, and more firmly established in 1887 to control the Federal patronage of this State, has fixed itself upon the Republican organization with such a firm grasp that there is little probability of any very significant opposition in the convention which meets here to-morrow.

Some weeks and board John Grant, the Texas member of the National Eex utive.

Texas member of the National Excustive Committee, announced that he would be at the convention here to renew the fight against Green, but the latter has so effectually squetched the "Fighting Doctor" that all appearance of opposition has disappeared. Indeed, the Sherman man has announced in an interview, that he has reconsidered.

was the culmination of the doctor's first scrap with the combination. All, or nearly all, the other appointments were Green-Hawley men. Whom Poctor Grant intimated that he would endeavor to control the convention in this city, a lively contest was articipated, but Chairman Green got in a solar plexus blow in the first round and Doctor Grant threw up the sponge. This leaves Chairman Green and Congressman Hawley the only white candidates for deligates at-large, and Green the enly avowed candidate for the position of National Committeeman. The other two delegates at-large will be given to the colored brethren.

While this convention will only elect delegates at-large to the National Committee, the question of the National Committee, the question of the National Committee, the convention will be determined and a time and place for for heiding the convention will be as determined and a time and place for heiding the convention will be as confidently stated that there will be a State ticket.

Great pressure is being brought to bear upon Chairman Green to make the race for Governor, and it is believed he will do so.

Washington, March 5.—A number of the Democratic members of the House have suggested the availability of Representative B. F. Caldwell of the Springfield, Ill., district as running mate with Colonel Bryan.

Mr. Caldwell of the Springfield, Ill., district as running mate with Colonel Bryan.

Mr. Caldwell is a new member of the Bouse, but already he has made a most favorable impression on his coleragues. He is a man of wealth, a banker, and a strong believer in the free and unlimited coinage of silver at 16 to 1. He is a young, vigorous man, a fine orgeniter and with great energy of his associates with the fact that he would be a desirable candidate for the vice presidency. Mr. Caldwell stands high in business and political circles in Himots, and his friends believe he would make a good campaign, especially in the West.

## Ticket To-Day.

Omaha, Neb., March 5.-To-morrow will be held the municipal election, at which a Mayor, the entire City Council and other city efficials will be chosen. The campaign city efficials will be chosen. The campaign has been a abort, but intensely active, one, in which personalities have figured to a large extent. The Democrats, Populists and Free Silver Republicans fused on a ticket headed by W. S. Poppleton for Mayor, while the Republicans renominated Mayor, while the Republicans renominated Mayor Moores. At both political headquarters the greatest confidence is expressed. There has been considerable betting done at even money. The fight largely centers on the Mayor, and the remainder of the ticket has been left to take care of itself. There have been several arrests made for fliegal registration. its choice.

### H. A. STEPHENSON SHOT.

Representative of a St. Louis Paper Wounded at Memphis.

H. A. Stephenson, a traveling representative of a St. Louis morning paper, was shot and very seriously injured resterday afternoon in the rotunda of the Peabody Hotel at Memphis, Tenn. Stephenson became involved in a quarrel with M. F. Embrey, an old Memphis citizen. Frank Williamson, a Deputy Sheriff from Crittenden County, Ark., interfered and tried to stop the row. Stephenson resented this and, it is said, struck twice at the Arkansas man. Theremon Williamson drew a revolver and shot upon Williamson drew a revolver and shot Stephenson in the abdomen. Stephenson in the abdomen.

The wounded man was taken to St. Joseph's Hospital and at a late hour last night was reported in a critical condition. Williamson is in custody pending the result of the injuries. Stephenson is a young man, single, and has no relatives in St. Louis. His business kept him away from the city most of the time.
